PETER PURYEAR,  
 Notary Public.

My commission expires January 2, 1908.

## Daily Thought.

We have committed the Golden Rule to memory; now let us commit it to life.—Edwin Markham.

## ABOUT INSURANCE FUNDS.

Kentucky has already attracted the attention of the insurance companies of the country by her somewhat unusual position on insurance questions.

The Insurance Press, published in New York, takes issue with Governor Beckham on his statements regarding insurance, particularly when he said in his recent message:

"I would advise that you pass a law allowing practicable lines requiring a company doing business in the state to invest a certain portion of its earnings in Kentucky. It is a constant drain upon our money to send out every year a large sum for insurance and to have no part of it reinvested in the state."

The Press then adds: "If he will turn to the Investment Directory of Insurance Companies he will find, on pages 77 and 78, under the heading 'State and Municipal Bonds,' that more than \$1,000,000 of insurance capital is invested in bonds issued by the counties of Bourbon, Clarke, Fayette, Franklin, Madison, McCracken, Owen, Pendleton, Spencer and Woodford, and in bonds issued by the municipalities of Henderson, Lexington, Louisville, Newport and Paducah."

"Millions upon millions of insurance capital are invested in the bonds of the Louisville & Nashville railroad and its various divisions. No less than four pages of the directory are given to the listing of such bonds. Street railways in Kentucky cities have also found customers among insurance companies for their bonds. All of this money is being effectively employed, day by day, for the development of Kentucky its cities and the territory tributary thereto."

"Every loss paid by an insurance company in the state, every commission paid to an insurance agent in the state, every loan on real estate by an insurance company, represents insurance capital invested in Kentucky."

## FOR STATE INSPECTOR.

Promoters of the movement to secure state building laws are greatly encouraged by the favorable reception of their plan, says the Lexington Leader. The international society of Building Inspectors are official sponsors of a bill under the caption of "State Fire Protection" which will be presented in every state legislature this year. The main object sought is to have the state fix basic, fundamental buildings regulations, prescribing minimum precautions against fire, and so to form a safe foundation upon which cities will build their complete buildings, churches, etc., intended for

## NOTED MAN

DR. W. J. CLASS AND WIFE ARRIVE ON A GASOLINE LAUNCH

He Discovered Scarlet Fever Germ—Going to Chattanooga.

Dr. W. J. Class and wife, of Chicago, are in town enroute to Chattanooga. They are making the trip all the way by water in a 32-foot gasoline launch. They left Chicago by Lake Michigan and came through the Wisconsin, Fox and Mississippi rivers to Cairo, then up the Ohio to Paducah to see our thriving city.

Dr. Class is an inspector for the board of health in Chicago, and is a man of national reputation. He discovered the germ of scarlet fever and announced it in 1900. Since that time he has been at work seeking an anti-toxin for the fever. He leaves for Chattanooga in a few days to look over the surroundings with the object of locating a laboratory there for the prosecution of the work.

Dr. Class has been a pleasant caller on the members of the local board of health today and has given them some interesting accounts of his experiences in the health department at Chicago, which have proven instructive.

## HISTORIC STRUCTURE

Damaged This Morning By a Fire in Pittsburg.

Pittsburg, Jan. 20.—Fire this morning destroyed the Diamond Market here, containing the historic old city hall and damaged surrounding property, entailing a loss of a hundred and twenty thousand dollars.

The fire was caused by a pedestrian throwing a lighted cigar among some wall paper.

John G. Freemont received nomination for president in the old city hall.

## Respite For Charity Club.

The Charity club did not have a run on its resources this week due to the excellent weather.

Last week during cold weather, the applications came in fast, averaging about 20 a day, but this week only thirty applications, all told, were issued. Miss Corrie Grundy, secretary of the club, who has her office at the court house, stated today that she had never before experienced such a quiet week in the dead of winter.

Attended Pharmacy Examination. Hallett Ellis and Roy Ballowe have returned from Covington, where they were examined by the state board of pharmacy. Both were successful in the examination.

Born, to Mr. and Mrs. Arthur Foote, of Tyler, a twelve-pound daughter.

## Mind Wanting.

Cholly—I could be a great financier if I had a mind to try.  
 Dolly—Yes, I know that's what you lack.—New York World.

## Music Hath Not All the Charms.

Young Lady (philanthropically slumming)—And if you come to the meeting tomorrow night you'll hear me play the organ.  
 Guttersnipe—Oh, miss, and will you have a monkey?

WHY YOU SHOULD INSURE IN THE OLD RELIABLE

## THE MUTUAL BENEFIT LIFE INSURANCE COMPANY

Of Newark, New Jersey.

Her rates are lower than those of other companies.

Her dividends are paid to you ANNUALLY and are higher than those of any other company.

Her RESERVE is greater than is required by the law of any state in the union.

She meets competition by showing actual results, which method is less expensive to her policy holders than those adopted by her competitors.

By exercising the most rigid economy in management expense her contracts are more liberal than those of any other company.

We have fewer agents and more satisfied policy holders than any other company in the United States.

Call on their manager.

 Room 105 Fraternity Building  
 PADUCAH, KY.

## RUN DOWN CHILD

RUBY COBB HURT AT FOURTH AND NORTON STREETS.

Human Drivers of Rig Didn't Stop to See Extent of Injuries.

Ruby, the 8-year-old daughter of Mrs. Alice Cobb, of Fourth and Norton streets, narrowly escaped being fatally injured this morning about 8:30 o'clock while crossing Norton street. She was struck by a two-horse rig and the driver never stopped to see if the little girl was hurt.

The mother had sent the little girl to Houser Brothers' grocery, half a square away to purchase groceries and the little tot was returning home. She started across Norton street just as a two-horse rig driven by a middle-aged man wearing a heavy gray beard and accompanied by a woman, came down Fourth street. The driver turned suddenly into Norton street and the little girl was struck by the buggy, knocked down and run over.

Her face was badly bruised and skinned by the wheel passing over her and the right hand was run over and mashed, but fortunately no bones were broken.

Several neighbors ran to the child and picked her up, but found her conscious. The driver is alleged to have smiled when he saw the little girl go down and never once stopped to see if she was hurt. The theory that the man was drunk was advanced, but those who saw the accident say he did not appear to be drunk and seemed simply hard-hearted and unconcerned about it.

A telephone message from the grocery notified the police of the affair and are searching for the driver. It is alleged by those who saw the accident that the man made no effort to avert it but that the child tried to get out of the way and did succeed partially, this probably saving her from being trampled to death under the hoofs of the horses.

## RIVER STAGES.

 Third and Broadway

## FOUND \$100,000.

Buried Treasure Said to Have Been Lost in 1848, Discovered.

Emporia, Kan., Jan. 20.—Marion Turner and Otto Freshwater, Emporia men, claim to have found a buried treasure to the value of \$100,000 in or near Phoenix mound, south west of Emporia. Part of the treasure, they say is in gold coin and the remainder is in gold-bearing quartz. The treasure is said to have been buried in 1848 by three men who were on their way east from California when surrounded by Indians.

## Union Rescue Mission.

An humble work has been conducted for the last seven years at 431 South Third street, Paducah, Ky., by the writer and his good wife. Nothing has been done in a corner, and we trust ere this our people have seen the good results of the voluntary and unselfish services rendered during these years and we take this means to notify you of an offered opportunity of making permanent this work in Paducah, Ky., by purchasing the above mentioned property, adapted and properly located for the present need, and room enough for the future growth of the city, at a cost of four thousand dollars, and retaining the services of the present incumbents. We think the property cheap enough and feel free to ask you to make sure the chance

by a liberal free-will offering sufficient to pay the amount and have property deeded in trust to trustees and their successors. We urge upon you to maintain the philanthropic spirit of your city by establishing a charitable institution in this place that will be commendable and profitable to you and to your posterity forever. The expense is nothing in comparison to the great need, and can be easily met, and freely suggest that forty citizens voluntarily give one hundred dollars each, and let other amounts that will be given go to beautify and make attractive the place, and enable the work to accomplish the great end whereunto God has planted it in your midst. We pray and labor that free and liberal co-operation be given us in this matter as our God has offered blessings and prosperity to the cheerful giver.

R. W. CHILES, Pastor.  
 IDA B. CHILES.

## IS DESPONDENT

Say Some of Senator Depew's Close Friends.

New York, Jan. 20.—Denials are made here of the truth of a Washington dispatch and it is said that Senator Depew is suffering from aphasia and melancholia. The information concerning the nature of Senator Depew's illness is said to come from close friends.
